Skills

Ruby	JavaScript	HTML	Git	SQL
Ruby on Rails	jQuery	CSS	Github	PostgreSQL
Python	Backbone.js			

Projects

Starbnb: Clone of Airbnb (Backbone.js, Ruby on Rails)
http://www.starbnb.net | https://github.com/AnthonyPinto/starbnb

- Integrates Google Maps JavaScript API for responsive listing filtration
- Customized view/router structure allows for instant feedback on login forms.
- Modified Backbone model parsing and nested JSON minimize Ajax queries

Sharks-in-Space: Asteroids game (JavaScript)
http://www.anthonyepinto.com/sharks | https://github.com/AnthonyPinto/sharks_in_space

- JavaScript prototype inheritance for dry moving-object modelling
- Light-weight implementation using HTML5 canvas tag

Mini-Rails: Rails clone (Ruby)
https://github.com/AnthonyPinto/mini_rails

- Request URL parsing, and controller response
- Persistent session flash data and CSRF tokens, allowing more complex data handling
- Custom RSpec with full coverage of flash functionality

Work Experience

Office Assistant Michael L. Johnson LLC, Davis, CA   **2013-2014**

- Negotiated with contractors and vendors, reducing the cost of property maintenance and in-office purchases, which lowered overhead for the company.
- Proactively identified and addressed administrative needs in the office, which reduced time loss for technical and executive staff.
- Organized five ecotourism trips at 25% ($8k) under budget, with unanimously positive participant feedback.

Social Services Assistant Davis Healthcare Center, Davis, CA   **2012-2013**

- Scheduled and led Interdisciplinary Team meetings, which facilitated coordination between departments and individual residents, resulting in a unified plan of care for each resident.
- Conducted initial interviews with new residents to evaluate and address their individual needs, resulting in improved quality of life for residents.
- Established new interdepartmental system for managing transportation requests, which increased efficiency and prevented scheduling errors.

Education

App Academy, 12-week full-time programming intensive   **2014**
Bennington College, BA in Conflict Resolution and Social Sciences   **2011**
